Webinar Monday June 21st 13:00-14:30

Laboratory Research: Biosecurity and Dual-Use Implications

For all researchers working with (high-risk) pathogens

*Can the results of your well-intended research be misused?
If you lose your pass: where can the 'honest' finder all get access to?
Would you notice if 12 eppendorf tubes disappeared from the freezer?*

Program

Word of welcome

Els van Schie; Director of Environment and Safety - RIVM

Introduction Biosecurity Office

Biosecurity awareness

- Bioterrorism
- Pillars of good practice
- KNAW code of conduct

Dual-use awareness

- Biosecurity Challenges: examples from iGEM
Piers Millet (UK), Vice President for Safety and Security at iGEM
- Export Control
Daniël Schepers, Policy Officer for Export Control and Strategic Goods – Ministry of Foreign Affairs

Launch Dual-Use Quickscan
